

**The complete pressure seal solution –  
equipment and documents – all in one package.**

**Ideal for Checks, Invoices, Direct Deposit, Grade Cards, Direct Mail, and More!**

## **Introducing New PSMailers Pressure Seal Machines**

**Smart. Strategic. Simple**

**The Complete Solution saving you Money, Time and Resources!**

*One-piece sheet folds and seals to become the envelope.*

Streamline your daily business tasks with the affordable **PSMailers** pressure seal self-mailer, designed to fold and seal in less time than conventional mailing. There are **six PSMailers models** to choose from, one for every size or volume business. Checks and forms are available in most popular fold types and are **guaranteed** to work with our equipment.

### **PSM1800**

The **PSM1800** makes pressure seal a viable option for small business. It brings all the pressure sealer capabilities to customers processing as few as 6,500 documents per year. It folds and seals all popular fold types with adjustable fold plates.

### **PSM3000 / PSM3000C**

The **PSM3000** is an affordable desktop solution providing a good fit for small business looking to streamline their document processing. Designed for low volume mailings, this folder/sealer has a processing throughput of up to 3,000 forms per hour (*PSM3000C includes counter*).

### **PSM6000**

The **PSM6000** delivers unparalleled value to the pressure seal market. Ideal for small to midrange users, it includes an integrated conveyor output system to maintain document processing order. A digital counter with a batch-counting mode is provided for accurate record-keeping and document processing. The robust duty cycle, combined with the unique bottom feed system, enables maximum return on your investment!

Ask about **PSMailers Print Program** offering unlimited options for any size business.

## PSM8000

The **PSM8000** is an integrated folder/sealer with an impressive 8,000 sheets per hour to satisfy even the tightest deadlines. The integrated conveyor output system helps move your forms in a seamless paper stream, while maintaining processing order. The user-friendly, robust duty cycle makes the **PSM8000** attractive to medium volume, mid-sized organizations.

## PSM10KPRO

The **PSM10KPRO** is an integrated folder/sealer designed for organizations with high-volume applications. The integrated conveyor output system helps move your forms in a seamless paper stream, while maintaining the processing order.
